

Serving Your Business

Increased productivity goes hand in hand with a well trained work force. Muskegon Community College will help you meet the challenge of global and local competition by working with you to develop cost-effective, flexible programs to meet your training needs.

Muskegon

Community College

The Muskegon Lakeshore area has a long history creating prosperity for residents through meaningful employment. The Lakeshore Business and Industrial Service Center works to continue this proud tradition.

Training Areas include:

Manufacturing, Customer Service, Information Technology, Business Administration, Accounting, Healthcare, Workplace Safety, Human Resources including Diversity and Conflict Management, Education, Healthy Living, Graphic Design, International Relations, Oral and Written Communication, Marketing, and Study Skills.

The **Lakeshore Business & Industrial Service Center** of Muskegon Community College offers training programs either at your company site or on our campus, at times coordinated with the schedules of your employees. We provide college credit classes that are employer-dedicated to serve your employees exclusively. Customized non-credit training can also be developed and delivered to meet your specific objectives. We work closely with you to assess your education, training, and/or retraining needs, then design and deliver customized training to fit those needs.

MCC's Lakeshore Business & Industrial Service Center:

- * Customized credit, and non credit, training retraining at your business, or at the MCC campus
- * Economic Development Job Training programs
